THE birthday of the hero of the lit tle hatchet, came off on Wednesday.

St. Louis has been selected by the Democratic National committee, as the the place of holding the Democratic convention, and the date is June 5th.

It is claimed that the live stock interests pay over one third of the taxes of our Territory, and that horned cattle alone represent nearly one fourth of the entire taxable property.

MR. JUSTICE LANAR IS said to be worth \$15,000. This is quite a large fortune down in Mississippi, but it is believed the new justice will be worth much more than that sum to the Pacific milway company.

CONGRESSMAN MILLS, of Texas, thinks the wood growers of the southwest instant relief and entirely cured me scant free trade. Mr. Mills is not posted on the sentiments of the sheep men, but he will know more about it after next fall's election.

THE complaint of the bondholders of Jay Gould, Russell Sage, and others, for converting \$3,000,000 of the stock of the Denver Pacific Road to their own use, was presented to the Grand Jury in New York City Thursday, for their action.

Let New York and Ohio nettle for themselves the controversy as to the State in which Gen. Sheridan originally came to pass. It is sufficient for the ford; Table Talk, J. W. Weatherford; people of the country in general to Question Box, Miss Coffin, Critic W. know that whenever he may have started upon his career, he got to Winchester in time to save the day and shared with Grant the glory of" Appo cuts, bruises, sores, ulcers, salt rheum. mattox and its famous apple tree."

MR. CLEVELAND will not be in Washington during the meeting of the Democratic National Committee; but his interests will be carefully protected. nevertheless, by the Cabinet officers and other Federal appointers who are members of that important body, and who may be supposed to know what will best serve the purpose of the man to whom they owe allegiance.

MR. RANDALL isn't worred over the tarif bill that is being hatched by the free traders on the Ways and Means committee. In reply to a delegation of New York, New Jersey and workingmen \$12 interested in maintenance of the protective tariff he said: "You can go home and make yourself entirely at ease; there will be no legislation in this Congress which will destroy or injure any American industry. There is a majori-ty in the Democratic party who would like to do such things but it is not in their power, even in the House of Rep-STANDS COLLEGE ST

THE cattlemen of this vicinity and in fact all over the Territory, have reason to feel good over the condition of the range and their herds. Cattle and ranges are in first class condition. Although beef prices have been very low, the flarkest hours seem to have passed. There is a firmer feeling among stock raisers than for many mouths, and the market at present is buoyant.

The spring and summer will see an ingrease in the price of beef at least 14 zents per pound. A propitious year for beild 1888 seems to be a certainty for the
